Donn, Stephen, Carlos, Val and Gary,

It was great to see you last night. I made it home just in time to catch the KPRC local news. There was a small clip played during the 10:00 segment, but I have not found it yet. I did find a small article at <http://www.click2houston.com/news/residents-speak-about-san-jacinto-river-pollution-during-meeting/-/1735978/24210826/-/c16fp9/-/index.html>

I will keep searching in case the video shows up. The background clip was played while the announcer spoke – no tape audio. I did not see your interview with Bob Wiggins, Gary.

I am also monitoring the group's website that was present last night:

Even though it was a tough crowd, I though you handled everything professionally. Well done 😊

Sincerely,
